**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I live right downtown in San Francisco. Our building has NO company who provides us with internet. Comcast refuses to install a line. That's not quite true. They will do it but they will charge homeowners business rates -- not residential rates. This is my home. I do not live in an office park. Why are residential rates not available to residents???

Why is Comcast our ONLY choice ... at least before Sonic and other smaller more competitive providers came along???

Who are you protecting???

Who do you serve?

We need competition.

Hopefully you are not in bed with the big companies and will embrace competition. If you do choose to go with big business and demolish competition, then we are coming for you! IF you have a job after this administration you will spend your time undoing what you do.

Think about it.

Strongly opposed!

Chip Grant
